Hi Chamber Lain,

We had a great time last week hosting two TTT sessions for [ITIL® 4 HVIT & DSV](#)! It is now time for you to get yourself or your trainers accredited.

Train-the-trainer On-demand Recording

If you haven't already done so, [you can watch our TTT on-demand video](#) and prepare yourself for the delivery of ITIL 4 HVIT & DSV.

Get Yourself Accredited as a Trainer

There are significant changes to the instructor requirements for the ITIL 4 Managing Professional modules:

- Until **31 March 2020**, accredited trainers with the MPT certificate don't need to have individual certificates to teach courses in the Managing Professional stream.
- Starting **1 April 2020**, a trainer needs the ITIL 4 Managing Professional designation plus the certificate of the individual module they wish to teach for CDS, DSV, DPI, and HVIT.

Trainers who are registered with us can take their ITIL 4 HVIT and DSV exams free of charge, with online proctoring through PeopleCert. The only thing you will need to do is contact servicedesk@itpreneurs.com with these two items:

- Your full name
- Your email address (as registered with PeopleCert)

[Request a Free Exam →](#)

Please let me know if you have any questions.

Kind regards,

Joey
